

SGWAR-16

Rack Mounted
Dry Air Driven
Ozone Generator

KEY FEATURES

- Rack mounted
- Can produce up to 16 G/HR of ozone with 16 LPM of Dry Air
- Flow Meter - Standard
- 3 Year Warranty
- Weight: 12.6 KG
- Power: 440W
- CSA, ETL, UL
- 3 Year Warranty

PRODUCT DESCRIPTION

The ProMedUSA Model SGWAR-16 is a rack mounted ozone generator that can produce up to 16G/HR of highly concentrated ozone with 16LPM of dry air from our SGWAD-30 air dryer as the feed gas.

This unit uses our proprietary 316 Stainless Steel and Quartz Glass Electrodes (Made in the USA) to achieve this highly concentrated level of ozone.

The SGWAR-16 requires our SGWAC-R or SWAC-RMDC Series Controllers with a BBWT Balanced Barometer.
