

SGWO-20

Rack Mounted
Oxygen Driven
Ozone Generator

KEY FEATURES

- Rack mounted
- Can produce over 20 G/HR of ozone with 6LPM of Oxygen
- Flow Meter - Standard
- 3 Year Warranty
- Weight: 12.6 KG
- Power: 440W
- CSA, ETL, UL
- 3 Year Warranty

PRODUCT DESCRIPTION

The ProMedUSA Model SGWO-20 is a rack mounted ozone generator that can produce over 20 G/HR of highly concentrated ozone with only 6LPM of oxygen as the feed gas.

This unit uses our proprietary 316 Stainless Steel and Quartz Glass Electrodes (Made in the USA) to achieve this highly concentrated level of ozone.

The SGWO-20 requires our SG-RMOC Controller with a Balanced Barometer (BBM).
