SGWO-50DG4

High Concentration Rack Mounted Ozone Generator

KEY FEATURES

- Rack mounted
- 50G/HR ozone Output at 16LPM O_2
- Double 316 Stainless Steel and Quartz Electrodes Made in USA
- Tuned for Oxygen Only
- Built-in Flow Meter
- Power: 450W
- Weight: 9.7 KG
- CSA, ETL, UL
- 3 Year Warranty

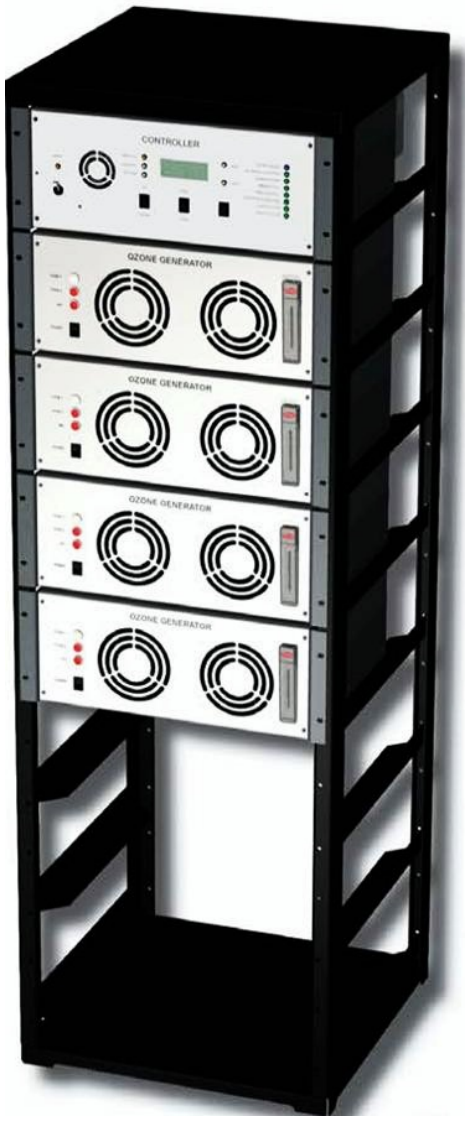
ProMED USA
products that REALLY work.

PRODUCT DESCRIPTION

The ProMedUSA Model SGWO-50DG4 rack mounted ozone generator can produce up to 50 gram/hr of highly concentrated ozone (up to 160g/m3). This unit is tuned for and designed to be used with an Oxygen (O2) feed only.

The SGWO-50DG4 utilizes our own 316 Stainless Steel and double Quartz technology electrodes (Made in USA) for ultra-pure and very highly concentrated ozone production

The SGWO-50DG4 can be rack mounted, and requires the use of an SG-RMOC Controller and a large balanced barometer (BBM).



4 Rack mounted SGWO-50DG4 Ozone Generators + 1 SG-RMOC Controller
