The ProMedUSA Model UV SG1300T36 PRO ozone generator is designed for use as high output commercial odour treatment and air sanitization tools. It is ideal for use in food preparation, hotel housekeeping, stewarding, garbage and bin centres, F&B, restoration use, mold remediation, medical centres, clinics and air sanitization (ozone kills germs, viruses including H1N1, H7N9, HFMD, E.Coli, Salmonella, MSRA, Staph, etc.).

They are exclusively made in Canada for ProMedUSA with the highest quality components to extremely rigorous standards. Our UV generating tubes are made in the United States exclusively for us.

High Output Hi-Efficiency Ultra Long Life (2+ YEARS) Made in USA UV Tube

UV SG1300T – Select either 600 mg/hr or 1200 mg/hr of ozone

The SG1300T can freshen a 280 M<sup>3</sup> space in 10 minutes, and a 6,000 M<sup>3</sup> space in about 2 hours or less.

Ozone Output Hi-Lo Control, On/Off rocker switch, standard LED 9 position electronic timer (Always on, 10 min, 30 min, 1,2,4,8,12,18 and 36 hours).

63 cm Long X 13 cm Wide X 16 cm High  
UV SG1300T36 weighs 5.2 KG

4 mm thick white PVC external case over dual 18 gauge 316 Stainless Steel shock mounted inner chassis. They are virtually indestructible and will always look clean and fresh for years

240V 50HZ; SG650T is about 80 W; 120V 60Hz is available

Generally over 2+ YEARS of continuous use. Our replacement Made in USA tube cost is only \$150 (2 required)

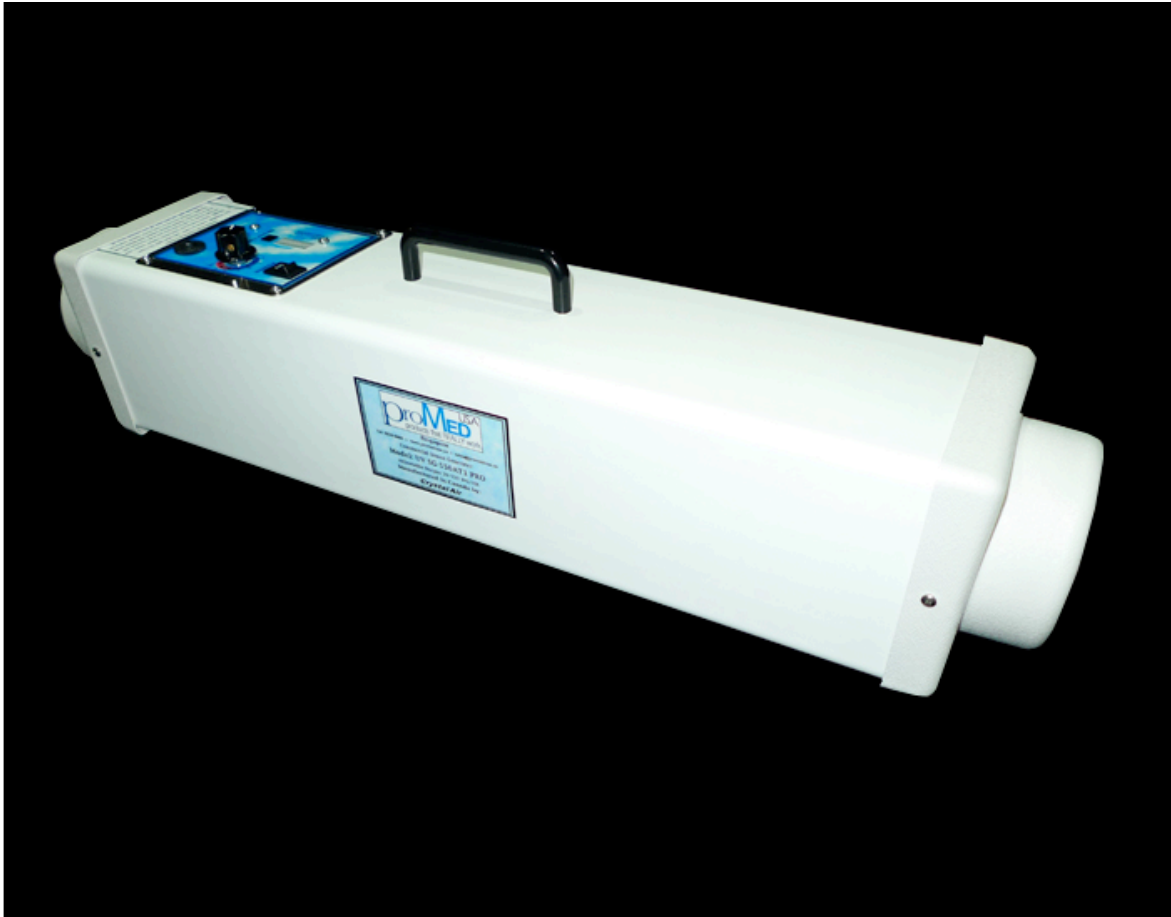

Minimal – It's DIY - just clean the rear filter usually every 2-3 months, wipe the UV Tube clean several times per year. Entire process takes only 10 minutes!

**All of ProMedUSA's ozone generators are FULLY GUARANTEED INTERNATIONALLY against defects in materials and workmanship for 6 YEARS. Our Made in USA UV Tubes are guaranteed for a full 2 YEARS.**
