NOVITA DEHUMIDIFIERS

NOVITA DEHUMIDIFIERS

Novita makes one of the finest products available anywhere, with the best warranty and service you can find - 5 YEARS ON THE COMPRESSOR.

Their dehumidifiers are no exception. They do an outstanding job of removing huge amounts of water from the air; they do it quietly and dependably.

I've had two of their units running continuously (24/7) in the storage room in my home. They have never been shut off. Our ND 390i has been running constantly for almost 9 years, and our ND 690 has been running for 4+ years. I have had absolutely no problems at all.

We are proud to be able to offer the full range of their dehumidifiers to our customers.

They are truly *"Products that really work"*!
