

# NOVITA ND2 Air Purifier & Dehumidifier

## Maximum Coverage Area- up to 38 SqM

**5 YEARS**

**\* FIVE YEARS WARRANTY COVERAGE ON COMPRESSOR & DC BRUSHLESS MOTOR SYSTEM \***

**I'M NEW**

**2-IN-1**  
Dual Functions  
Doubling The Protection

THE 2-IN-1 ND2

**13L/DAY**  
EXTRACTION RATE

EQUIPPED WITH **HI-PERFORMANCE GRANULAR ACTIVATED CARBON** FOR OPTIMUM SMOKE & ODOR REMOVAL EFFICIENCY

### 2-In-1 Dehumidifier And Air Purifier

|  |   |
|--|---|
| Voltage / Frequency                                    | 220-240 V ~ 50Hz  |
| Rated Power (27°C / 60%RH):                            | 145 Watts   |
| Max. Power (35°C / 90%RH):                             | 205 Watts   |
| Extraction Rate (30°C / 80%RH):                        | 13 L/Day   10 L/Day With H11 HEPA Filter  |
| Humidity Setting:                                      | Available   |
| Operating Temperature:                                 | 5°C - 35°C  |
| Compressor:  | Reciprocating   |
| Refrigerant:   | R134a   |
| Empty Weight:  | 10.4 Kg   |
| Dimension (WxDxH):                                     | 309 mm x 200 mm x 455 mm  |
| Continuous Drainage:                                   | Available   |
| Dehumidification Air Flow Rate:                        | Low Fan: 160 m³/hr   High Fan: 190 m³/hr  |
| Air Purification Air Flow Rate (With H11 HEPA Filter): | Low Fan: 95 m³/hr   High Fan: 115 m³/hr   |
| Recommended Coverage □:                                | Dehumidifying Up to 409 ft² or 38 m²   Laundry Drying Up to 323 ft² or 30 m²   Air Purifying Up to 248 ft² or 23 m²   |
| Tank Capacity:   | 2.5 Litres  |
| Negative Ion Density+:                                 | Up to 20 Million/cm³  |
| Product Accessory:                                     | <ul style="list-style-type: none"> <li>• 2 Metres PE Hose (14 mm Inner Diameter)</li> <li>• 2 x H11 HEPA &amp; Granular Activated Carbon Filter Δ (Recommended Replacement: 9 Months*/Approx. 2,250 hours for optimum performance)</li> <li>• 3 x Enhanced Dual Mesh Activated Carbon Filter ◊ (Recommended Replacement: 6 Months*/ Approx. 1,500 hours for optimum performance)</li> </ul> |
