# **Chemical-Free**

The 2nd generation handheld rechargeable Professional Ozone Spray Bottle (SG-OzSpray) applies revolutionary electrolysis technology that can convert your regular tap water into an anti-bacterial sanitizing water. This revolutionary technology can help replace conventional chemical surface sanitizers. Simply fill the bottle with clean tap water, press the button, and the device will instantly convert ordinary water into ozonated water.

# **Small Size, High Performance**

Ozonated water is well-known for its fast and **powerful** sanitation performance. This ozone sprayer offers an effective, safe, and environmentally friendly surface sanitation for many commercial hygiene applications.
